

Number Recognition Worksheet -3 [1-20]

Q. Recognize the number from the dots and match the following

A large rectangular box containing a matching exercise. On the left side, there are six light blue square boxes, each containing a different pattern of black dots. From top to bottom, the dot patterns are: 1 dot (center), 4 dots (corners), 3 dots (top-left, center, bottom-right), 6 dots (two columns of three), 2 dots (top and bottom center), and 6 dots (two columns of three). On the right side, there are six light blue square boxes containing the numbers 9, 12, 3, 1, 5, and 2, arranged vertically. A black arrow points from the top-left die face (1 dot) to the number 1 box.
